# DOUGLASVILLE, GA

Douglasville is a unique blend of small-town charm coupled with metropolitan amenities. We offer the ideal environment for startups and small businesses, providing high tech centers and fortune 500 companies the infrastructure for growth.

The core area of downtown Douglasville is listed on the National Register of Historic Places as an historic district; an outstanding example of a turn-of-the-century southern railroad town. The majority of the buildings are one- and two-story brick structures dating from the mid-19th century into the early to mid-20th century.

While downtown continues to host a diversity of professional, retail, and government functions, the construction of Interstate 20 through Douglasville several miles to the south of downtown drew much of the retail shopping activity into corridors perpendicular to the interstate highway at the locations of exits for state highways 92 and 5. Arbor Place, a 4 million square foot regional mall at the intersection of Interstate 20 and Chapel Hill Road, will further diminish the central role of downtown in meeting residents' primary shopping needs, but creates wonderful opportunities for continued development as a location for specialty shops and restaurants.
